FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of Administration - Division of Budget and Planning (BAP)** has reviewed the proposed legislation and determined that it should not result in additional costs or savings to BAP.

BAP assumes this proposal adds language that allows work certificate issuance for home schoolers by the primary education provider. This expands the original bill intent permitting work certificate authorization by public school superintendents or their designee, charter school chief executive officers, and private school administrators.

Officials from the **Office of State Treasurer**, the **Office of Secretary of State**, the **Office of Public Safety - Missouri State Highway Patrol**, and the **Department of Labor and Industrial Relations** state there will be no fiscal impact to their respective agencies.

Officials from the **Missouri Senate** state this proposal will either have no fiscal impact as it relates to their agency or minimal costs which can be absorbed by present appropriations.

Officials from the **Department of Elementary and Secondary Education** state this proposal will have no fiscal impact on their agency or on local school districts.

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
